

The power of global analytics with CTD Indices on MarketDesk

Global indices benchmarked for effortless delivery in key commodities and cash markets

CTD Indices is a global analytics financial services firm focused on the creation of unique high-quality benchmarks for commodity futures and cash markets. Its core strength determines economic activity measurement and is predictive to investor impact for trading on worldwide exchanges.

With a recent focus creating indices for the world's second largest economy, China, CTD Indices produces singularly unique analytics in Energy, Grain and Steel in a challenging, complex market.

In seeking to implement a reliable bellwether for proactive not reactive investing, CTD Indices is partnering with a global platform provider, MarketDesk.

The CTD Indices – MarketDesk platform offers a critical advantage of a cloud-based market data distribution platform generating index calculations from multiple sources across different asset classes.

In tandem, the CTD Indices – MarketDesk platform delivers index results effortlessly and transparently to vendors and end users with a range of options: direct feeds, and/or desktop and mobile applications.

Contact MarketDesk today today at sales@marketdesk.com or call (917) 589-7013.
